1.0 Overview:

1.1 Request:

The customer or purchaser as identified in the HP ValuPack Order Form to this ValuPack Consulting Description, hereinafter the Customer, has requested that the HP Solution Center, hereinafter HP, provide the **Remote Installation & Configuration of TCPIP Services ValuPack**.

1.2 Installation Overview:

HP Installation Consulting ValuPack is part of a suite of deployment services designed to provide a quick response to your need for additions and reconfigurations to your organization's IT infrastructure while giving you the peace of mind that comes from knowing that your hardware and software products from HP and selected third-parties have been installed in a professional manner by a highly skilled HP service professional.

The HP Installation ValuPack provides for the installation and configuration or reconfiguration of HP branded servers, desktop systems, networking and software products, as well as HP-supported software from other vendors. This installation consulting also covers the installation of additional software into your existing system or environment, or the installation of software updates as they are made available.

1.3 Method of Delivery:

2.0 Agreement:

2.1 General:

This HP ValuPack Consulting Description, together with the country-specific Hewlett-Packard Company Terms and Conditions of Sale and Service, HP Services Per Event Support, HP ValuPack Consulting & Short-Term Consulting Warranty constitute the entire agreement ("Agreement") between the parties with respect to its subject matter.

The Customer’s additional or different terms and conditions will not apply.

HP ValuPack Consulting services will be provided or arranged by HP.

HP reserves the right to assign or subcontract to third parties any and all services detailed in this HP ValuPack Consulting Description.

It is required that the Customer have a valid HP Services support agreement on the environment on which this consulting will take place.

Any product(s) updated through this consulting are limited to HP licensed products found on the customer’s HP Software Support agreement.

2.2 Availability:

HP Solution Center per event consulting (HP ValuPack Consulting) is provided based on the availability of technical service professionals.
2.3 Eligibility:

Only products that are sold by HP or HP branded products sold by an HP authorized reseller are eligible for this HP ValuPack.

It is required that the Customer have an active Software support contract with HP Services for the computing environment on which this consulting will take place.

All Hewlett-Packard Company software properly licensed by Hewlett-Packard Company or the original manufacturer and supported by HP Services may be eligible for HP ValuPack consulting. Unless otherwise specified within this document, the software and the system(s) on which it is installed must be properly maintained at the latest major revision level, including Engineering Change Orders (patches & updates) and must contain at least the minimum hardware and prerequisite software as specified in the applicable Software Product Description (SPD) or product documentation in the absence of an SPD.

3.0 Customer Responsibilities:

As part of this agreement the Customer will be responsible for the following:

- Assignment of a designated Customer Project Manager, who on behalf of the Customer, will grant all approvals, provide information, and otherwise be available to assist HP in facilitating the delivery of this consulting via direct telephone access, pager access, or telephone messaging with a guaranteed response time of not more than thirty minutes.
- Provide HP with details on the current configuration and topology information including hardware platform(s), operating system(s) and application(s).

### 5.0 HP ValuPack Considerations, Restrictions, and Constraints:

The following considerations, restrictions, and constraints are applicable to the delivery of this HP ValuPack service:

- All services will be provided according to the hours stated under “HP Responsibilities’ and ‘Cost of ValuPack” herein.
- All software, hardware, and firmware encountered in the delivery of this HP ValuPack must adhere to the minimum hardware and software requirements as specified in the applicable Software Product Description (SPD) and its addenda and/or requirements or recommendations of the manufacturer(s).
- If security restrictions apply to any or all Customer systems to be supported by this ValuPack, the Customer may be required to assume additional responsibilities for maintaining the system and/or software.
- Any installation service being provided as part of this ValuPack is limited to the most current version of software and/or firmware.
- Problems arising from interoperation with product(s) not support by HP are outside the scope of this service.
- If HP is unable to complete the deliverables specified in this HP ValuPack Consulting Description within thirty (30) days following commencement of this ValuPack service due to the Customer’s failure to meet its obligations, the ValuPack will be considered completed and will be invoiced.
- Delays caused by any failure of the Customer to meet the ‘Customer Responsibilities’ will be charged at the prevailing HP Solution Center consulting rate for time and materials.
- The ability of HP to deliver this ValuPack is dependent upon the Customer’s full and timely cooperation with HP, as well as the accuracy and completeness of any information and data the Customer may provide HP.
- HP reserves the right to charge, on a time and materials basis, for any additional work over and above the quoted service pricing that may result from the work required to address service prerequisites or other requirements not met by the Customer.
- Defective hardware, as identified during the installation, will be referred to the Customer’s hardware warranty or hardware support agreement.
- The Customer is responsible for contacting the vendor for repair or replacement of defective third-party products not supplied or supported by HP.
- The following services are not included under this agreement, unless specifically included elsewhere in this document:
  - Use of any tools providing electronic access to Hewlett-Packard Company. Electronic problem submittal and access to electronic databases may be available through a support contract. The Customer may already have such a contract in place.
  - Customer modifications to the HP supported software or hardware
  - Software product media, documentation, licenses, and license updates
  - Services outside of the contracted hours of coverage
  - Services required due to improper treatment or use of the equipment or software by other(s) then HP.
  - Services required due to unauthorized attempts by other than HP personnel to repair, maintain, or modify the equipment and/or software
  - Services required due to causes external to the Hewlett-Packard Company maintained equipment and/or software
  - Individual hardware products that cannot, in the opinion of HP, be properly repaired due to excessive wear or deterioration. These products may be withdrawn from service upon applicable prior notice.
Individual software products that have been discontinued or reclassified as “Customer Supported.” These products may be withdrawn from service upon applicable prior notice.

- Code, code examples, commands, sample commands or modifications to code or commands.
- Service deployment (installation) on hardware not covered by an HP warranty, HP service agreement or third-party service agreement.
- Resolution of hardware-related problems encountered during verification testing, unless covered by an active warranty or HP hardware service agreement.
- Any onsite service, unless otherwise specified elsewhere in this proposal.
